

PLAY TO LEARN

LEARNING IN ACTION

LEARNING IN ACTION

AN INTEGRAL COMBINATION OF PLAY • ARTS • ATHLETICS

Slated to be inaugurated Spring 2022, this expansive facility will include a rooftop field, indoor gymnasium, performing arts stage, dance studio, and two music classrooms, which will provide a platform for our students to discover and showcase their talents, expand their minds, and let their imaginations wander.

Through your donation to The Cushman School's Play to Learn Campaign, families like yours can actively enable the creative and athletic development of your child(ren), traits that have been widely recognized as catalysts for heightened academic achievement, as well as enhanced physical and psychological well-being.

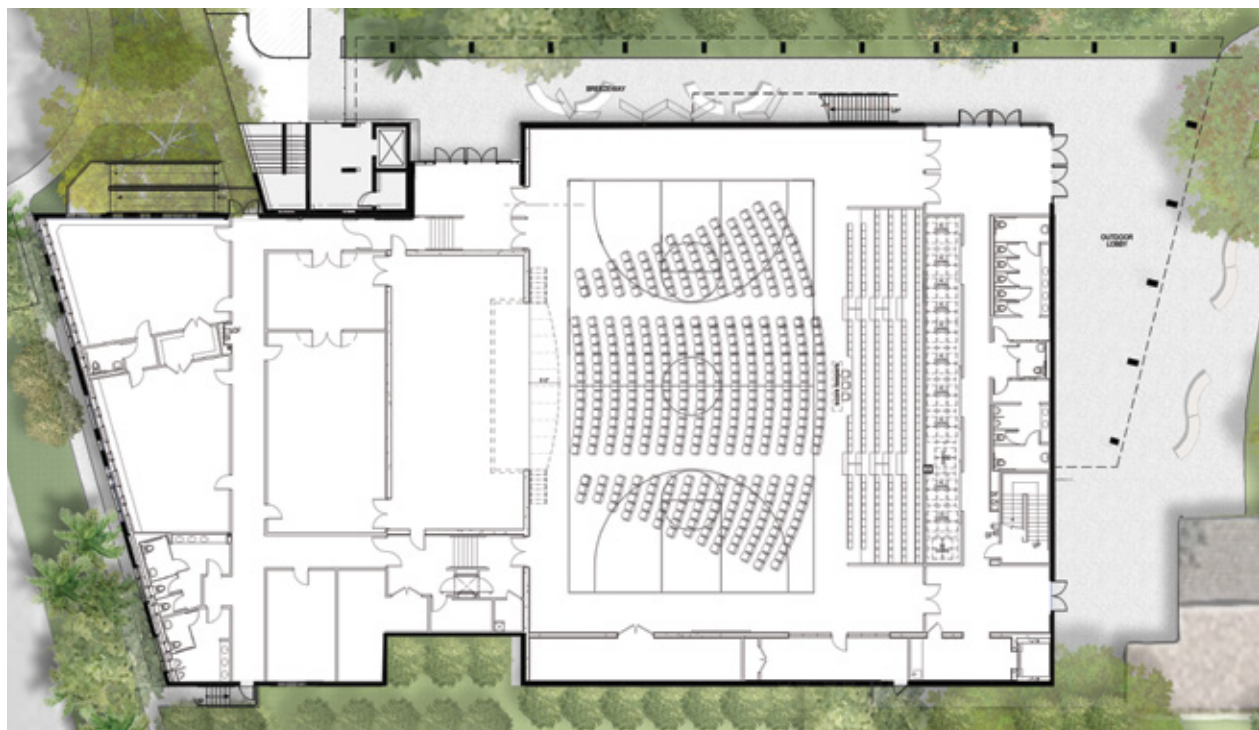

One of the defining features that sets The Cushman School apart from other institutions is its commitment to championing academic excellence in a stimulating environment where both creativity and athleticism are celebrated. For this reason, the School has placed significant resources on developing a holistic curriculum that expands the learning horizons of its students through facilitating enriching experiences.

Through its Play to Learn Campaign, The Cushman School aims to raise funds to complete the state-of-the-art performing arts and athletic center. A place where students have the opportunity to express themselves imaginatively, form lifelong relationships, and learn dedication, commitment, and discipline.
